WALK's vision is an inclusive society where communities value and treat all people as equal citizens.

Policy Statement:

It is the policy of WALK to promote equality and diversity across all organisational areas. WALK aims for full compliance with Equality and Diversity legislation. This policy directly supports WALK's vision.

Purpose:

This policy outlines WALK's responsibilities to the following two distinct groups:

- employees and potential employees of the organisation (through our equal opportunities statement)
- service users, potential services users and all third parties (through our equal status statement)

WALK promotes equality by removing discrimination in the workplace and focusses on the nine grounds of Gender, Civil status, Family status, Age, Disability, Sexual Orientation, Race, Religion, and Membership of the Traveller Community.

Diversity aims to recognize, respect and value people's differences to contribute and realise their full potential by promoting an inclusive culture for all those involved with the organisation.

Definitions:

Equality is not always about treating everyone the same – it is about treating people in such a way that the **outcome for each person can be the same**. This means putting things in place to support people to achieve similar outcomes. (www.intercultural.ie)

Diversity: The concept of diversity encompasses acceptance and respect. It means understanding that each individual is unique, and recognizing our individual differences. These can be along the dimensions of the nine grounds. It is the exploration of these differences in a safe, positive, and nurturing environment. It is about understanding each other and moving beyond simple tolerance to embracing and celebrating the rich dimensions of diversity contained within each individual.

Procedure:

WALK promotes equality and diversity by:

- treating all organisation members and potential members fairly.
- Creating an inclusive culture for all organisational members.
- Enable equal access of opportunities for all so they can fully participate in the workings of the organisation.
- Enabling all organisational members to develop to their full potential.
- Equipping all organisational members with the skills to challenge inequality and discrimination.
- Ensure that organisational materials, including policies, procedures and processes, do not discriminate against any individual or group.

Bullying, harassment or victimisation are also considered as equality and diversity issues.
